Sustainable

Brewery Huyghe has done additional investments in terms of automation of

production processes. As a consequence, less chemicals, water and electricity are needed. Moreover, employees' ergonomics has improved substantially and extra attention is given to their safety. Lighting has also been improved and thanks to the use of led-lighting this is even more sustainable.

Delirium Tremens receives Superior Taste Award

Delirium Tremens received three golden stars for Superior Taste by the renowned International Taste & Quality Institute in Brussels. Next to the many medals the beers are winning, this is yet another proof that Delirium Tremens continues to score maximally in terms of taste and complete taste experience.
